

Pan-Mass Challenge Fact Sheet

About the PMC:

The Pan-Mass Challenge® (PMC) is a bike-a-thon that raises more money for charity than any other single athletic fundraising event in the country. Benefiting the Dana-Farber Cancer Institute, the PMC pioneered the \$5 billion athletic fundraising industry when it was founded in 1980 by Billy Starr, who remains the event's executive director and a yearly rider and fundraiser.

The PMC donates 100 percent of every rider-raised dollar directly to Dana-Farber and is the institute's largest single contributor, raising 57 percent of the annual revenue at The Jimmy Fund®. In 2019, the PMC raised a record-breaking \$63 million for Dana-Farber, the largest financial gift the institute has ever received, bringing its 40-year contribution to more than \$717 million.

As spokes in the wheel of its fundraising campaign, the organization also hosts PMC Winter Cycle, a charitable indoor spin event, at Fenway Park in January, and more than 33 PMC Kids Rides, mini bike-a-thons that allow children ages two to 15 to fight cancer just like the adults, throughout New England and New York each year.

The Ride:

The PMC is a fully supported bike-a-thon — with food and water stops, mechanical and medical assistance, luggage transportation and lodging — that runs through 47 towns across Massachusetts. More than 6,800 cyclists from ages 13 to 88 ride each year, choosing from 12 routes ranging from 25 to 192 miles, designed to cater to all levels of cycling and fundraising ability. Cyclists are required to raise between \$600 and \$8,500 to ride in the PMC, depending on the chosen route.

Timing:

The 41st PMC will take place on Aug. 1 and 2, 2020, with three starting lines in Sturbridge, Wellesley and Bourne, and five finish lines in Provincetown (2), Bourne, Wellesley and Foxboro.

Participants and Partners:

Cyclists travel from 43 states and 12 countries to ride the PMC and some are trained athletes, while others are weekend warriors. Most ride in honor of a family member or friend fighting the disease and more than 950 riders and volunteers are cancer survivors or current patients, considered Living Proof® of the PMC mission. More than 150 Dana-Farber employees committed to the cause as riders and volunteers in 2019 as well, in some cases to fund their own cancer research.

During PMC weekend and throughout the year, more than 4,000 volunteers donate their time, and 200 corporations provide more than \$7 million in essential funds, products and services each year. The PMC is presented by the Red Sox® Foundation and New Balance®.
